

MANUAL TEST STAND FOR DFG80 SERIES FORCE GAGES

DISCONTINUED

TRODEKS®

DFG-TS Series

Reliable inspection is essential to successful quality control. TRODEKS's DFG-TS manual test stand ensures consistent, identical measuring conditions by eliminating human error. In addition, the stand shortens inspection time, thereby greatly increasing work efficiency. DFG80 force gages are easily mounted to the test stand. The combination of TRODEKS force gages and test stand creates a high-precision, compact load tester for a wide range of applications.
